

On the 3rd and 4th Monday of each month, April through October, the Master Gardeners will

MEET YOU IN THE GARDEN!

Join OSU Master Gardener Volunteers to learn about seasonally relevant gardening tips and tricks and ask your questions about what is happening in the garden now!

This series of live, outdoor talks and demonstrations will cover seasonal garden topics happening in the garden and environment at that time of year. Each session will include a 30 minute talk and/or demonstration followed by time for questions and answers and walking the community garden space.
